TELECOMMUNICATIONS

KX-FT902ML

Ideal Communication System for Home or Office.

Compact, Convenient and Easy to Use

Caller ID*1 Ready

With caller ID compatibility, you can view the name or number of your incoming callers on the LCD screen before you answer the call. You can edit and store the caller ID memory, and even print the list for your records.

Directory Dialing

The KX-FT902ML has 100 phone directory entries to program the names and phone numbers for quick recall and dialing. The unit has 22 one-touch dialing stations with upper/lower key, for most frequently dialed number or emergency number.

64-Level Halftone with Digital Image Processing

You can send or copy everything from family photos to company documents in almost their original beauty, with the clarity and detail of 64 level halftone reproduction.

Advanced Features

Navigator Key for Easy Operation

Just use the navigator key to look through your directory list, and when the name you want appears, lift the handset, and the number will dial automatically. This key lets you control the system features and operating modes, as well as caller ID memory.

Dial Lock Function

You can lock the dial function to prevent from unauthorized phone call on your fax. The programmed emergency number can be still dialed when the dial lock is activated.

10-Page Document Feeder

Great for multi page documents, the automatic feeder lets you send or copy up to ten pages at a time, without tedious manual feeding.

Help Key

Help is at your fingertips when you need it. The built in Help function lets you print out basic operating instructions or step by step programming guides.

Other Features

- Delayed transmission
